DEPARTMENT OF SOCIAL SERVICES

August 17, 2021

Supplemental Nutrition Assistance Program Manual - Volume V

Transmittal #30

This transmittal contains annual updates to elements used to determine eligibility and benefit amounts for the Supplemental Nutrition Assistance Program (SNAP). The component Job Retention was updated for SNAPET.

The provisions of this transmittal are effective October 1, 2021 for all SNAP applications filed or actions taken on cases on or after October 1, 2021.

The certification manual and this transmittal are available at <https://www.dss.virginia.gov/benefit/snap/manual.cgi>

Changes are noted for the following sections:

Chapter	Significant Changes
Definitions	The resource limit was updated to reflect \$3,750 for disabled individuals.
Part II Pages 15-16	The receipt of lottery and gambling winnings was updated to reflect \$3,750.
Pages 19-20	The minimum allotment was updated to reflect \$20.
Part III Pages 9-12	The threshold for households required to report changes in income increased from \$100 to \$125.
Part VI Pages 3-6	The maximum income amounts were increased to allow separate household status for disabled, elderly persons from others in the household. The minimum amounts for boarders to pay for lodging increased.

Chapter	Significant Changes
Part IX Pages 1-2	<p>The resource limit for households with at least one elderly (age 60 or older) or disabled member increased from \$3,500 to \$3,750. The resource limit for all other households increased from \$2,250 to \$2500. The requirement to report the receipt of lottery and gambling winnings for a single game also increased to \$3,750.</p>
Part X Pages 1-9	<p>The amounts for the standard deductions changed. The minimum standard deduction for household sizes 1 through 3 increased from \$167 to \$177. The amounts for household sizes 4 and 5 also increased.</p> <p>The maximum shelter deduction was changed from \$586 to \$597.</p> <p>The utility standard amounts were increased. The amount for households with one to three members is \$322 and \$402 for households with four or more members. The previous amounts were \$302 and \$377, respectively. The telephone standard is unchanged at \$61.</p> <p>The homeless shelter allowance increased from \$156.74 to \$159.73.</p>
Part XI Pages 1-2	<p>The gross and net income limits were increased.</p>
Part XII Pages 5-6	<p>The allowable costs for daycare providers increased slightly for breakfast and lunch/supper, while the cost for snacks remained the same. The amounts are \$1.40 for breakfast, \$2.63 for lunch/supper, and \$.78 for snacks.</p>
Part XIII Pages 9-10	<p>Reference to the minimum allotment was updated to reflect \$20.</p>
Part XIV Pages 1-2	<p>Income amounts for reporting changes were revised.</p>

Chapter	Significant Changes
---------	---------------------

Part XXIII
Entire Chapter

The allotment tables were revised. The acronym PA was removed to clarify that all categorically eligible cases are not subject to the net income limit. This includes broad-based categorically eligible cases.

Part XXIV
Pages i-ii

The Table of Contents was revised.

Pages 35-36

The SNAP Hotline Information form was updated to correct the address and/or phone for some Legal Aid locations.

Pages 54-55

The Change Report form was revised to reflect the increased income amounts.

Part XXV
Pages 15-16

The SNAPET components were updated to include Job Retention.

Direct questions about this transmittal to practice program consultants or Michele Thomas at michele.thomas@dss.virginia.gov or at (804) 726-7866.

S. Duke Storen
Commissioner

Attachment

Unless otherwise defined in specific chapters of this manual, terms defined in this section will apply whenever the term is used.

Administrative Disqualification Hearing (ADH) - An administrative disqualification hearing is an impartial review by a hearings officer of a household member's actions to determine whether or not the member committed an Intentional Program Violation (IPV).

Application - The official request for SNAP benefits. An application may be classified as an initial or new application, a reapplication, or a recertification. See also entries for the application classifications.

Disabled Person - The definition of a disabled person that follows must be used for the:

- Determination of group home eligibility;
- Allowance of medical expenses;
- Allowance of unlimited shelter expenses
- Use of net-only income limits in determining income eligibility;
- Evaluation of conditionally-eligible immigrants;
- Allowance of the **\$3,750** resource limit;
- Allowance of a 24-month certification period; and
- Exemption from 6-month interim reporting requirements.

A disabled person is one who:

- a. Is certified to receive or is actually receiving Supplemental Security Income (SSI) benefits or disability or blindness payments under one of the following titles of the Social Security Act:
 1. Title I, Grants to States for Old Age Assistance and Medical Assistance for the Aged;
 2. Title II, Federal Old Age, Survivors, and Disability Insurance Benefits;
 3. Title X, Grants to States for Aid to the Blind;
 4. Title XIV, Grants to States for Aid to the Permanently and totally Disabled; or,
 5. Title XVI, Supplemental Security Income for the Aged, Blind and Disabled.

This includes SSI presumptive disability payments (regular SSI Benefits for a three-month period paid to persons who will most likely meet SSI disability criteria), and SSI emergency advance payments (a single \$100 SSI payment provided to persons who appear to meet the SSI eligibility criteria who are considered in need of immediate assistance).

- b. Is certified to receive or receives an Auxiliary Grant.
- c. Is certified to receive or receives disability retirement benefits from a governmental agency because of a disability considered permanent under Section 221 of the Social Security Act.

10/09

VOLUME V, PAGE 2

- d. Is certified to receive or receives an annuity payment under Section 2(a)(1)(iv) of the Railroad Retirement Act of 1974 and is determined to be eligible to receive Medicare by the Railroad Retirement Board; or Section 2(a)(i)(v) of the Railroad Retirement Act of 1974 and is determined to be disabled based upon the criteria used under Title XVI of the Social Security Act.
- e. Is a veteran with a service-connected or nonservice-connected disability rated or paid as total (100%), or is considered in need of regular aid and attendance or permanently housebound under Title 38 of the U.S. Code.
- f. Is a surviving spouse of a veteran and considered in need of aid and attendance or permanently housebound or a surviving child of a veteran and considered to be permanently incapable of self-support under Title 38 of the U. S. Code.
- g. Is a surviving spouse or child of a veteran and entitled to compensation for a service-connected death or pension benefits for a nonservice-connected death under Title 38 of the U. S. Code and has a disability considered permanent under the Social Security Act. For the purpose of this chapter, "entitled" means those veterans' surviving spouses and children who are receiving the compensation or benefits stated or have been approved for such payments, but are not receiving them.

For any household member claiming a permanent disability that is questionable, i.e., not apparent to the EW under this item of the definition of disability, the household shall, at the local agency's request, provide a statement from a physician or licensed or certified psychologist to assist the local agency in making a disability determination.

- h. Is a recipient of disability related medical assistance under Title XIX of the Social Security Act.
- i. Is a recipient of Federal Employee Compensation Act (FECA) payments for permanently disabled employees who opt for FECA benefits in lieu of Civil Service Retirement benefits. Temporary FECA payments to people temporarily injured on the job do not satisfy the definition of disability.

A less restrictive definition of disability is used for other policies such as the work requirement, work registration, and student identification and eligibility.

Disqualified Recipient Subsystem (DRS) - A nationwide central database of persons who have committed Intentional Program Violations (IPV).

Homeless Household - A household that lacks a fixed and regular nighttime residence or a household whose primary nighttime residence is:

- a. A supervised shelter designed to provide temporary accommodations (such as a welfare hotel or emergency shelter);
- b. A halfway house or similar institution that provides temporary residence for individuals who would otherwise be in an institution;

- i. If the SSA office sends the application to the wrong agency, the local agency must forward the application to the correct agency within one working day. The incorrect mailing will not affect processing time standards except as indicated in Item b above, when the household is entitled to expedited processing.
- j. Recertification - Any household that may apply at the SSA for initial certification has the right to recertify at the SSA office also, regardless of whether the application for initial certification was taken at the SSA office. SSA will interview the applicant, obtain any readily available verification, complete a transmittal form, and send this material to the local agency.

In order to be eligible for uninterrupted benefits, however, applicants must file the recertification application at the SSA office on or before the date on the *Notice of Expiration*.

The local agency may not re-verify information obtained and documented by SSA unless the information is questionable or insufficient.

3. Categorical Eligibility for PA Households (7 CFR 273.2 (j)(2))

- a. Any household in which all members receive or are authorized to receive a cash payment from the TANF, GR – Unattached Child, or SSI Program is eligible for SNAP benefits regarding income and resources. Any household in which at least one person receives or is authorized to receive services funded through the TANF block grant also will be categorically eligible regarding income and resources.

To confer with broad-based categorical eligibility, all households with income below 200 percent of the federal poverty limit and receive or is authorized to receive a non-cash or in-kind TANF funded service will be considered categorically eligible. See the “PA Case” in Definition section. Eligibility for SNAP benefits does not apply if the entire household:

- is residing in an institution;
- is disqualified for any reason from receiving SNAP benefits; or
- fails to meet nonfinancial criteria, as addressed in Part VII.

Residents of public institutions who jointly apply for SSI and SNAP benefits before release from the institution will not be categorically eligible when SSA determines potential SSI eligibility before the release. These individuals will be categorically eligible when SSA makes a final SSI determination and the individual leaves the institution.

Eligibility and SNAP benefits determinations will be based on information provided by households. Categorically eligible households are subject to the same verification requirements as other households. However, categorically eligible households meet the following eligibility factors without additional verification:

- Resource limits, except note that categorically eligible households that receive lottery or gambling winnings of **\$3,750** or more are ineligible for benefits as allowed in Part XII.E.3;
- Gross and net income limits (200 percent gross income limit is applicable for broad-based categorical eligible households);
- Social Security number information;
- Sponsored alien information, provided information exists in the PA case; or
- Residency.

Exception: Social Security number information, sponsored alien information, and residency verification is required for broad-based categorical eligible households.

If any of the following factors are questionable, the EW must verify that the household that is categorically eligible:

- Contains only members that are TANF, GR – Unattached Child, or SSI recipients or that at least one member receives a TANF-funded service;
- Meets the household definition in Part VI.A;
- Includes all persons who purchase and prepare food together in one SNAP household, regardless of whether or not they are separate units for the public assistance program purposes; and,
- Includes no persons as provided in Part II.G.3.b below.

For purposes of determining categorical eligibility, any household in the TANF program that is suspended for TANF or that is entitled to zero benefits under the TANF program will be a TANF household.

Categorical eligibility will continue at recertification even if a TANF review is not completed.

- b. Households in which all members receive TANF, SSI, or GR – Unattached Child income or at least one member receives a TANF-funded service will not be categorically eligible if:
1. Any member who would normally participate with the household has been disqualified for an intentional program violation;
 2. The head of household failed to comply with work registration or employment and training requirements;
 3. The head of the household voluntarily quits or reduces work without good cause (Part VIII.B); or
 4. Any member of the household is ineligible if:
 - i. Any member is fleeing prosecution or imprisonment or is violating probation or parole terms (Part VI.C.2.e); or

b. A client applies for SSI on November 10. He does not want to apply for SNAP benefits at that time. On December 3 he changes his mind and files a SNAP application. He would be ineligible for SNAP benefits according to NA standards.

1) Suppose SSI determines the household eligible for a money payment on December 30.

Because the household was determined eligible for SSI within the 30-day SNAP application processing time frame, the household is categorically eligible back to December 3, the date of the SNAP application.

2) Suppose as of January 2, the SSI determination is pending. The agency chooses to deny the SNAP application on the 30th day.

On February 9, the household informs the agency that SSA approved SSI benefits retroactive to November. The agency reinstates the original SNAP application and provides SNAP benefits back to December 3. That date is the later of the SSI effective date or the SNAP application date.

5. Categorical Eligibility and Benefit Level

Once the worker determines a household's entitlement to SNAP benefits, the benefit level must be determined. Other eligibility factors described in this manual apply to categorically eligible households in determining the benefit amount. The agency must prorate benefits for the initial month based on the application date. The following additional criteria apply:

a. Any one- or two-person household is entitled to at least **\$20**, regardless of net SNAP income, except when benefits for the initial month prorate to less than \$10. There will be no issuance in this instance.

b. Any household of four or more will receive benefits if its net income entitles it to a benefit of \$1.00 or more on the appropriate allotment table, even if its net SNAP income is above the maximum for the household size.

c. The agency must deny or terminate any categorically eligible household entitled to zero SNAP benefits. The notice must explain that the household will not receive benefits because the benefit amount is \$0 (zero).

H. AUTHORIZED REPRESENTATIVES (7 CFR 273.2(n))

The head of the household, spouse or any other responsible member of the household may designate an authorized representative to act on behalf of the household in applying for SNAP benefits or in using SNAP benefits. In the event that the only adult living with a household is classified as a nonhousehold member (as defined in Part VI.C.), that individual may be the authorized representative for the minor household members. If households designate employers, growers, crew chiefs, etc. as authorized representatives for farm workers or when any single authorized representative has access to a large number of EBT cards, the worker should exercise caution to assure that the household freely requested the help of the authorized representative; the authorized representative is accurately stating the household's situation; and the authorized representative is properly using the SNAP benefits.

1. Making Application

When the head of the household or the spouse cannot file an application, another household member may apply or the household may designate an adult nonhousehold member as the authorized representative for that purpose. The head of the household or the spouse should prepare or review the application whenever possible, even though another household member or the authorized representative will actually be interviewed. Agency staff must inform the household that the household will be liable for any overissuance that results from erroneous information given by the authorized representative, except as specified in Part II.H.5 regarding participation by residents of drug addict/alcoholic treatment and rehabilitation centers.

Households may designate adults who are nonhousehold members as authorized representatives for certification purposes only under the following conditions:

- a. The head of the household, spouse, or another responsible member of the household may designate the authorized representative in writing; and,
- b. The authorized representative is an adult who is sufficiently aware of relevant household circumstances.

The worker may determine, on a case-by-case basis, the frequency with which the agency requests the written designation at a subsequent recertification. The worker may request the household's written designation at the recertification application as often as necessary.

Upon written authorization by the household, the representative must receive copies of all correspondence sent to the household itself. This will include all notices, e.g. *Notice of Action*, *Notice of Expiration*, etc. The agency must send the notices to the representative as long as the representative named on the authorization remains the household's authorized representative unless the written authorization specifies an ending date.

contact. The local department is not required to use a collateral contact designated by the household if the collateral contact cannot provide accurate third party verification. When the collateral contact designated by the household is unacceptable, the eligibility worker must ask the household to designate another collateral contact or the eligibility worker will designate the collateral contact. The eligibility worker is responsible for obtaining verification from acceptable collateral contacts.

The eligibility worker may contact only those persons designated as collateral contacts with the permission of the household. In the absence of documentary evidence and any other source of verification, the eligibility worker must determine the amount to use for certification purposes based on the best available information.

In instances when outside knowledge of an application for SNAP benefits may jeopardize the employment or safety of the applicant household, the agency must determine that that verification source is unavailable. Examples include an employer or a migrant worker's crew leader who may discourage participation in the Supplemental Nutrition Assistance Program, in which case, the eligibility worker must use another source.

C. DOCUMENTATION (7 CFR 273.2(f)(6))

The eligibility worker must document case files to support eligibility, ineligibility, and benefit level determinations. The documentation must be sufficiently detailed to permit a supervisor or reviewer to determine the reasonableness and accuracy of the determination. The documentation must also indicate that the household received all available options to which it is entitled. At a minimum, the eligibility worker must document the following:

1. The reason for withdrawal of an application, if the household provides a reason and confirmation of the withdrawal. (Part II.B.4.)
2. Details regarding refusal to cooperate. (Part II.C.)
3. The reason the eligibility worker considered information questionable and the information used to resolve the questionable information. This should include an evaluation of the household's actual expenses, if allowing the utility or telephone standard causes the expenses to exceed the income. This evaluation should address if there are unreported sources of income or resources when the income is insufficient to allow the household to meet its financial obligations. (Part III.A.2.)
4. The reason the eligibility worker considered an alternate source of verification (a collateral contact or home visit) necessary. Note that in verifying residency, a collateral contact is a primary source of verification. (Part III.A.3.)
5. The reason the eligibility worker rejected a collateral contact and requested an alternate or why the agency designated the collateral contact. (Parts III.A.3 and III.B.)
6. A statement that the use of actual utility costs, actual medical expenses, or actual homeless shelter expenses was a decision made by the household. (Part X.A.)
7. Results of record/information systems reviews for applications. (Part III.B.)

8. An explanation as to why the household could not reasonably verify residency, e.g., the household has just recently arrived in the locality. (Part III.A.1.a.)
9. Whenever the agency must verify earned income, the eligibility worker must verify and document the rate and frequency of pay. The eligibility worker must determine the payment cycle and document on what day(s) the household member receives pay and when the wages earned during a pay period are available.
10. The number of hours, period and place of employment or other activity used to regain eligibility for the work requirement. (Part XV.C.)

D. VERIFICATION AT RECERTIFICATION (7 CFR 273.2(f)(8))

At recertification, the eligibility worker must verify eligibility factors to determine a household's continued eligibility for SNAP benefits and the amount of benefits to which the household is eligible. In most instances, the eligibility worker must verify only the elements that have changed since the last verification. The eligibility worker must not verify unchanged information unless the information is incomplete, inaccurate, or inconsistent.

In addition to the verification requirements for recertification applications, the eligibility worker must monitor all available information systems for all household members as addressed in Part III.B.

Households must supply requested verifications to allow the eligibility worker to anticipate income and expenses properly for the new certification period. Generally, the eligibility worker must request information from the month before the last month of certification. For households that file recertification applications after the certification period ends or in the month before the last month of certification, the eligibility worker must request verification that reasonably will reflect the first month of the new certification period.

The following chart lists items the eligibility worker must verify at recertification.

Verification at Recertification

Earned income	Verify amount.
Unearned income	Verify changes in the source or the amount if changed by more than \$125 .
Medical expenses: Medical standard deduction used during previous certification period	Household must declare monthly expenses of \$35 or more. Verify only if questionable.
Medical standard deduction was not used during previous certification period	Household must verify monthly expenses of \$35 or more.
Actual expenses exceeding \$235 per month	Verify any previously unreported or recurring expenses if changed by more than \$25. Verify any expenses reasonably expected to be incurred in the certification period.

Child support expense	Verify new obligation if the obligation changed. Verify the amount paid.
Work hours or other work activity hours of an individual subject to the work requirement who is not receiving time-limited benefits because of a work activity	Verify the number of work hours, hours in a work program, or volunteering is a weekly average of 20 hours or more. Verify that the number of hours assigned for the SNAPET work experience component is met.

In addition to the items above, the agency must address the following items:

- ♦ Change in alien status;
- ♦ Change in loans;
- ♦ Change affecting entitlement to utility and/or telephone standard;
- ♦ Identity of the person filing the recertification application if this person's identity had not previously been verified;
- ♦ Change in residency;
- ♦ Newly obtained Social Security numbers;
- ♦ Incomplete, inaccurate, or inconsistent items; or
- ♦ Questionable information, as defined in Part III.A.2.

E. VERIFICATION DURING THE CERTIFICATION PERIOD

The provisions of this chapter do not apply to changed elements reported through the Interim Report (Part XIV.C.2.c) nor do they apply when verification is not routinely required. The verification requirements addressed here are not dependent on whether a household is required to report the change. The eligibility worker must address changes, as outlined in Part XIV.A.2, and may need to verify the information regardless of whether the household is required to report the change. See Part XIV.A.1 for reporting requirements.

1. Impact on the Benefit Level

During the certification period, households may need to verify information if household circumstances change. For changed information that is unrelated to the Interim Report, households must verify elements that cause benefits to increase. The benefit amount for the first month after the change may reflect the reported change without verification, if the verification is unavailable.

The eligibility worker must obtain verification of the change before the household can receive the second issuance of benefits that reflects the change. If the household does not provide verification within 10 days of the verification request, the eligibility worker must change the allotment back to the original amount certified before the change was entered. The eligibility worker does not have to issue an advance notice if benefits revert to the original level because of the lack of verification as long as the previous notice advised the household that this would happen at the time of the increase.

For changes that result in a decrease in the amount of benefits or that cause no change in the amount of benefits, the eligibility worker must act on the change with or without

verification of the change. If the eligibility worker does not verify the changed element at the time of handling the change, the agency must verify the element in conjunction with processing the Interim Report, if applicable, but not later than for the next recertification.

2. Verification Requirements

The eligibility worker must verify the following elements if changes are reported:

- Earned income. Verify the new amount.
- Unearned income if the source changed or the amount changed by more than **\$125** since the last verification.
- Number of hours worked or performed for a work activity for persons subject to the work requirement.
- Voluntarily reported medical expenses to show the household is eligible for the medical standard deduction.
- Voluntarily reported medical expenses if the amount changed by more than \$25 since the last verification for households that are claiming actual medical expenses. If the EW learns of a change in medical expenses, from a source other than the household, the EW must act on the change if the expense is verified upon receipt and if the EW can make the change without additional information or verification from the household. If the change requires additional information from the household, the EW may not act on the change during the certification period.
- The legal obligation to pay child support or the amount actually paid.

In addition to verifying changed elements that may affect the benefit amount, the agency must address other changes when changes occur, but no later than at recertification, for elements such as:

- Residency
- Identity (if the person whose identity was verified is no longer a household member)
- Immigrant status
- Money received that is reported as a loan

The agency must request verification for any changes where the information provided is questionable, as defined in Part III.A.2, or for information that is incomplete, inaccurate, or inconsistent. The local agency cannot require verification of other changes, except as indicated here, but the agency may seek clarification or explanations of the household's circumstances.

When attempts to verify mandated items are unsuccessful because someone outside the household fails to cooperate with the household or the local agency, the EW must determine the information to be used for SNAP purposes based on the best available information. The agency must explore alternate sources of verification available.

4. Special Consideration for Elderly and Disabled People (7 CFR 273.1(a)(2)(ii))

Normally, everyone who lives together and who purchases and prepares meals together must be a household for SNAP purposes. However, separate household status may be allowed for a person who is 60 years of age or older and who has a permanent disability, as recognized under the Social Security Act, or one who has a non-disease-related, severe, permanent disability. Separate household status will also be allowed for the spouse of an elderly, disabled individual and children under the age of 18 for whom parental control is exercised. The gross income of the remaining household members may not exceed 165% of the Federal Poverty Income Guidelines, as listed below:

<u>Household Size</u>	<u>165% Limit</u>	<u>Household Size</u>	<u>165% Limit</u>
1	\$1,771	6	\$4,893
2	2,396	7	5,517
3	3,020	8	6,141
4	3,644	each additional	
5	4,268	member	+\$625

Do not count the income of the elderly, disabled person and spouse for this calculation. The elderly, disabled person is responsible for obtaining the cooperation of the other individuals in providing necessary income information to the local department of social services.

The key factor in determining whether a disability qualifies a household for separate status under this provision is the inability to purchase and prepare meals. Assessment of a disability under the Social Security Act, as well as other disability programs, is based on an inability to work. The worker must not automatically assume a disability constitutes an inability to purchase and prepare meals apart from others.

No specific verification is required if it is obvious to the worker that the person in question could not purchase and prepare meals. However, when the inability to purchase and prepare meals is not obvious, the worker should request a statement from a physician that the person is unable to purchase and prepare meals separately.

Note: This section does not apply to elderly or disabled individuals whose food is usually purchased and prepared separately from others by someone else.

5. Residing Together Determinations

In some situations, it may become difficult to determine separate household status for people who live together in the same house. Consider factors, such as, but not limited to the following, to determine separate household status:

- a. If there are separate, identifiable units within the dwelling, separate households probably exist.
- b. If common facilities, such as a kitchen and/or a bathroom are shared, separate households probably do not exist.

- c. If a dwelling is constructed as a single-family home, separate households probably do not exist but, a dwelling constructed as a multi-family structure (e.g., a duplex, apartment building), separate households probably exist.

Examples

- 1) A 20-year-old woman lives in two rooms in her parents' basement. She has a bed, sofa, refrigerator, hotplate, etc., but uses the kitchen and bathroom in her parents' home. All residents must participate together since this is a single-family dwelling and common facilities are shared.
- 2) Individuals live together in the same house. One person lives in an apartment in the basement. The apartment contains a kitchenette and bathroom along with other living space. Since the apartment is a separate, identifiable dwelling unit, the residents are not considered as living together.
- 3) Individuals live in separate rooms in a hotel, but must share a bathroom down the hall. Since they live in separate, identifiable units, they are not required to participate together even though they share common facilities.

These types of situations require careful case-by-case evaluation, and the worker must take care not to impose rigid guidelines, such as requiring a separate unit to have a kitchen, or requiring separate units within one dwelling to have separate entrances. Document how the decision to consider persons residing together or not was determined in these types of situations.

6. Household Membership of Those Frequently Away From Home

Use the following guidelines to determine household membership when an individual is frequently away:

- a. If an individual spends at least 15 days per month in the home and otherwise meets the definition of a household member, as described in Part VI.A.1 and Part VI.A.2, consider the individual a household member.
- b. If an individual spends fewer than 15 days per month in the home, the applicant may choose whether to include the individual as a household member, provided the individual otherwise meets the definition of a household member and is not certified for SNAP benefits elsewhere. If the individual, who is frequently away, is the spouse of a household member, consider the individual as a household member unless the household can present an address to document where the spouse resides the rest of the month. A required household member, who is part of more than one household, must be considered a member of the unit where the majority of time is spent, if both units apply for SNAP benefits.

Example

Household A receives SNAP for a child who visits on the weekends. Household B subsequently applies for SNAP and includes the child, as the child resides with Household B the majority of the time. The child must be removed from Household A's case, and added to Household B's case.

If the applicant excludes an individual who is frequently away from the home, that individual may not participate as a separate household at the same address if the individual is a required household member, as described in Part VI.A.2.

B. **BOARDERS (7 CFR 273.1(c))**

1. Those Eligible to Participate

An individual residing with a household and paying reasonable compensation to the household for lodging and meals is considered a boarder.

Boarders in commercial boarding houses are ineligible to participate in the program. A commercial boarding house is an establishment licensed as a commercial enterprise that offers meals and lodging for compensation. A commercial establishment, located in an area without licensing requirements, that offers meals and lodging for compensation with the intention of making a profit will also be classified as a commercial boarding house. The number of boarders residing in the house is not a determining factor.

Other boarders are ineligible to participate in the program independent of the household providing the board. They may participate as members of the household providing the board at that household's request. If boarders are excluded, their income and resources will not be considered available to the household providing the board.

The household with which the boarder resides (including the household of the proprietor of a boarding house) may participate in the program, if they meet all the eligibility requirements for participation.

2. Making Boarder Determinations

If an applicant household identifies any individual in the household as a boarder, apply the following conditions to determine if boarder status shall be granted. Boarder status will not be granted to any of the following:

- a. The spouse of a member of the household.
- b. Children under 18 years of age under parental control of a member of the household.
- c. Children under 22 years of age living with their natural, step- or adoptive parents as long as parental rights have not been terminated or severed through divorce.
- d. Persons paying less than a reasonable monthly payment for meals.
 - 1) An individual furnished both meals and lodging but paying less compensation than a reasonable amount, will be considered a member of the household that provides the meals and lodging.

Only direct money payments (cash, check, money order) to the household count in making this evaluation. In no event may SNAP benefits be paid for meals and be credited toward the monthly payment. If payment for meals alone cannot be distinguished from payment for lodging and meals, the full payment amount will be used to make the determination.

- 2) A reasonable monthly payment must equal or exceed the following amounts if the boarder takes two meals or less per day in the home.

Number of boarders being considered as a separate household	Minimum monthly payment required This is two-thirds of the maximum benefit amount, rounded down to the nearest whole dollar amount, for each household size indicated.
1	\$166
2	306
3	438
4	556
5	661
6	793
7	877
8	1,002

- 3) A reasonable monthly payment must equal or exceed the following amounts if the boarder takes more than two meals per day in the home.

Number of boarders being considered as a separate household	Minimum monthly payment required This is the maximum benefit amount for each household size indicated.)
1	\$ 250
2	459
3	658
4	835
5	992
6	1,190
7	1,316
8	1,504

If a single board payment is made for more than one boarder, all boarders for whom the payment is made must be considered as a single household.

Example

A mother and daughter board with another household. The mother pays board to the landlord for herself and her daughter. The mother and daughter must be considered as one household if their board payment is equal to or greater than the required minimum monthly payment.

Individuals furnished only meals are not considered boarders. These individuals must be considered members of the household where most of the meals are taken.

A. RESOURCES (7 CFR 273.8)

Only liquid assets will count in determining the eligibility of households except for determining the net worth of incorporated businesses. Households must report all countable resources held by its members at the time of application and any the members expect to receive during the certification period. The eligibility worker must document the assets in sufficient detail. The household's available resources at the time of the interview will determine whether or not the assets are below the maximum allowable resource limit.

B. RESOURCE LIMITS

The household's total nonexempt resources may not exceed:

- **\$3,750** if the household has at least one member who is 60 years of age or older or a member who is disabled, as defined in Definitions.
- **\$2,500** if the household does not have a member who is 60 years of age or older or one who is disabled, as defined in Definitions.

The resource limits do not apply to categorically eligible households or members. See Part II.G.3.

C. NONEXEMPT RESOURCES

Resources used to determine eligibility include:

1. Liquid assets, such as, but not limited to:
 - a. Cash on hand. This provision includes money that remains on an income debit card, such as the EPPICard for TANF or DCSE, after the month the income is deposited when such a card is not otherwise connected to an account as addressed in b below.
 - b. Money in accounts. "Account" means a contract of deposit of funds between a depositor and a financial institution. This includes checking accounts, savings accounts, certificates of deposit, share accounts (i.e., credit union accounts), or like arrangements.
 - c. Receipt of lottery or gambling winnings. Receipt of lottery or gambling winnings of **\$3,750** or more for a single game before taxes or other withholdings will cause households to be ineligible for benefits. If multiple persons shared in the purchase of a bet or ticket, only the portion allocated to a SNAP household member is countable.
 - d. Stocks or bonds.
 - e. Lump sum payments, such as income tax refunds, rebates or credits, lump sum insurance settlements, refunds of security deposits on rental property or utilities,

retroactive lump sum SSA, Public Assistance, Railroad Retirement benefits, or other payments. Lump sum payments also include accumulated vacation, sick, or severance pay of terminated employees received in one installment.

- f. Funds in a trust or transferred to a trust except as stated in Part IX.D.9.d.
- g. Earned income tax credits count two months after the month of receipt regardless of whether the payments were received as a tax refund or periodically throughout the year. Earned income tax credits are excluded as a resource for the month of receipt and the following month.

NOTE: When determining the amount of nonexempt liquid resources to count, especially bank accounts, do not consider any amount that would count as income for the same month.

Example

An applicant deposited his Social Security check into a checking account. The resource amount of the checking account would be the account balance minus the amount of the deposit.

Presume that joint bank accounts belong to the parties in proportion to their net contributions during the lifetime of all parties. A joint account between persons married to each other belongs to each party equally (half and half) however. Except for persons married to each other, each party's net contribution to the account may be established by signed statements from all parties if the verbal claim is questionable. If the parties can establish they intended a different ownership arrangement, that ownership arrangement prevails over the above presumption.

Example

A household member's name is listed on her elderly mother's savings account. Both the household member and her mother sign statements that the daughter has not contributed any money to the account. The account is not a resource to the client.

If parties married to each other are divorced by final decree, ownership of a joint account is proportional to their net contributions unless the divorce decree specifies otherwise.

- 2. That portion of the liquid resources of an alien's sponsor and the sponsor's spouse (if living with the sponsor) deemed to be those of the alien according to procedures established in Part XII.C.2.
- 3. Business resources of self-employment arrangements. The worker must assess the business structure to determine countable resources. Determine the number of business owners and whether the business is incorporated. For arrangements that are not incorporated, assess liquid resources as belonging to the business owners in proportion to their ownership percentage. For businesses that are incorporated, calculate the company's net worth by adding all business resources such as accounts, cash, inventory, vehicles, buildings, etc. and subtract all business liabilities/debts/expenses. Apply each owner's share of the net worth toward the resource maximum. Note that limited liability companies (LLC) are not incorporated so the resources belong to the company owners.

A. INCOME DEDUCTIONS (7 CFR 273.9(d))

Financial eligibility of a household is based on gross or net income, as described in Part XI.A. Benefit level is based on net income, which is defined as the total of all countable income, both earned and unearned, after appropriate allowable deductions have been made.

In evaluating expenses toward the calculation of the net income, the household is given credit only for expenses for which a money payment is made or due to someone outside the household. Except for Low-Income Home Energy Assistance Program (LIHEAP) payments, deductions will not be allowed for expenses or the portion of expenses made through vendor payments or for which the household will be reimbursed. LIHEAP participants (Virginia Energy Assistance Program) may have actual utility expenses considered or may have the utility standard applied even if the expenses are covered by fuel assistance vendor payments but, utility expenses reimbursed or paid through HUD or FmHA utility reimbursements are not deductible.

All households with income will be allowed the following deductions, if appropriate, in determining net income. The worker must assess each potential deduction and use the allowable standard amounts unless the household elects to use actual amounts or is not entitled to use the standard. The worker must also assess who has responsibility to pay expenses and whose income is used to pay in order to determine if the full expense or a prorated amount is used. If an eligible household member is responsible for an expense or pays an expense, the household is entitled to the full expense. If a disqualified household member is responsible for an expense or pays an expense, the expense may be subject to proration as allowed by Part 12.E.

1. Standard Deduction (7 CFR 273.9(d)(1))

Each household is entitled to a standard deduction from the total gross income of the household. The amount of the deduction is dependent on the number of eligible household members. For the purpose of determining the standard deduction, household size will not include disqualified or ineligible members.

Household Size	Standard Deduction
1-3 members	\$177
4 members	\$184
5 members	\$215
6 or more members	\$246

2. Earned Income Deduction (7 CFR 273.9(d)(2))

Each household with countable earned income may have an earned income deduction. Twenty (20) percent of the countable gross earnings will be deducted.

The earned income deduction is not allowed when determining the amount over issued if the basis for the claim is because the household failed to report earned income timely.

3. Dependent Care Expense (7 CFR 273.9(d)(4))

Dependent care expenses are allowed as a deduction only if it is necessary for household

members to accept or continue employment, seek employment, comply with employment and training requirements, attend training or pursue education that is preparatory for employment. The expense may be incurred for the care of a child or other dependent. An expense that could qualify as a dependent care expense or a medical expense may be allowed as either, dependent care or medical, but not both.

See Part III.A for verification requirements of dependent care expenses. Verification is needed only if the household's declaration is questionable. Acceptable forms of verification include a signed statement from the provider, receipts signed by the provider, or statements from agencies or organizations assisting with child care expenses.

4. Shelter Expense (7 CFR 273.9(d)(5))

The cost of shelter is allowable after all other deductions have been determined. The worker must add together all expenses that are part of the cost of shelter, except food, to arrive at a total shelter cost figure. That portion of the monthly shelter costs that exceeds 50 percent of the household's adjusted net income will be a deduction, up to **\$597** per month, except as noted below. The adjusted net income is determined by subtracting the standard deduction, earned income deduction, dependent care deduction, child support deduction, homeless shelter standard and medical deduction from the total gross income.

The allowable deduction for shelter may not exceed **\$597** except for households that contain a member who is 60 years of age or older or who is disabled, as defined in Definitions. Households with an elderly or disabled member may receive an excess shelter deduction that exceeds the shelter maximum allowed for other households. These households will receive the actual amount that exceeds half the adjusted net income.

In determining the amount to use as the cost of shelter, the following expenses will count unless vendor payments are made on a household's behalf, except as noted in item e. See Parts XI.F.3 and XIII.B for a discussion of vendor payments. Note the special provisions in section 7 for assessing shelter costs for homeless households.

- a. Rent, mortgage, loan payments, or other continuing charges that lead to ownership of a home, mobile home, or other type of shelter, are allowable. This includes second and/or third mortgages and condominium or association fees. It includes the initial cost of moving a mobile home from a dealer to a lot, along with any set-up charges at the lot. For a subsequent move of a mobile home, only the set-up costs at the new lot are allowable. Costs incurred by a tenant in lieu of full or partial rent are allowable rental costs, provided the arrangement is with the mutual agreement of the landlord.
- b. Real estate taxes or personal property taxes on mobile homes are allowable. Taxes on the contents are not allowable.
- c. Insurance premiums on the home structure are allowable. Separate costs for insuring furniture or personal belongings are not allowable. If insurance premiums on the home structure are combined with other costs that cannot be separated, the total premium is allowable.

- d. Repair costs that result from a fire or flood or a similar disaster are allowable, provided the household will not receive reimbursement or assistance from some other source such as insurance or private or public relief agencies. The disaster does not have to be a presidential declaration but can be a personal disaster, such as a fire damaging only one home.
- e. Utilities incurred separately and apart from the rent or mortgage cost are allowable. Actual direct utility costs may be used in determining shelter costs, even if LIHEAP covers the costs by a vendor payment.

In some situations, the household may be entitled to use the utility standard as its utility expense, rather than its actual utility expenses.

A standard utility allowance has been established based on the number of persons in the residence. The standard includes an allowance for heat, electricity, gas, water, sewerage, septic tank maintenance fees, garbage collection and telephone. A household may use the standard utility allowance only if the household is responsible for a heating or cooling expense, or it receives LIHEAP benefits at the current residence.

Number of Persons	Utility Standard
1 - 3	\$322
4 or more	\$402

Multiple family units living in the same residence may have only one standard utility allowance for the residence, based on the total number of people in the residence. The agency must divide the one utility standard among the units that contribute to meeting heating or cooling costs, regardless of whether each unit is applying for or receiving SNAP benefits. In these instances, each unit may use only its prorated share of the standard allowance, unless it uses its actual costs. The agency may not prorate the standard allowance if the nonhousehold members are all excluded from the household because they are ineligible to receive SNAP benefits.

Example

A three-person SNAP unit lives in a house with another person. The SNAP unit and the other person each pay half of the heating costs. The SNAP unit's standard utility allowance is \$201, i.e. \$402 based on total number of persons in the home (4 or more) divided by 2, the number of units contributing to heating costs. The SNAP unit may opt to use \$201 as its utility costs, or may use its actual utility expenses.

Only those households that receive LIHEAP payments for its current residence or that are responsible for an identifiable heating or cooling expense or an established percentage of an identifiable expense have the option of the utility standard. A cooling cost is a verifiable utility expense relating to the operation of air conditioning systems or room air conditioners. A heating cost is a verifiable utility expense for a primary fuel source.

Examples

- 1) The SNAP household pays for electricity that the household needs to operate the oil furnace. Other persons in the home buy oil. The SNAP household is not entitled to the utility standard since there is no expense for the primary fuel source. The actual electric bill is allowable since this is a direct utility expense.
- 2) A SNAP household cuts its own wood. This wood is free, but the household incurs expenses for gas and oil for the chain saw. The household may not use the utility standard since the household does not incur an expense for the primary fuel source. The actual incidental expenses connected with obtaining the wood are not allowable since these are not direct utility expenses.

If a household incurs a utility expense, such as electricity or gas, that includes heating or cooling along with other uses, e.g., cooking or lights, the utility standard may still be used. If the household does not incur a separate expense for heating or cooling, it is not entitled to the utility standard unless it receives LIHEAP payments. Actual costs of utilities incurred by households that are not entitled to the utility standard are allowable expenses.

Households that have their utilities included in their rent, but who may, on occasion, have to pay an excess utility charge, may not claim the utility standard unless they receive LIHEAP payments. Households that receive HUD or FmHA payments may use the utility standard if they are responsible for utility costs beyond the HUD or FmHA payment. Households that pay a flat amount, not a percentage, for utilities to the homeowner instead of the utility vendor may not use the utility allowance. Actual or anticipated amounts for these utility charges are allowable.

If a household incurs a heating or cooling expense at any point during the year, or if such an expense is anticipated, or the household received a LIHEAP payment during the period of time covered by the utility standard, or such a payment is anticipated, the utility standard may be used by the household for the full year.

Examples

- 1) A household buys oil twice a year in November and February to heat the home. This household is entitled to use the utility standard for the full twelve months of the year.
- 2) A household lives in an apartment where heat is included in the rent. The household, however, uses an air conditioner in the summer and is responsible for the electric bill for the apartment. Since a cooling expense is incurred, the household is entitled to use the utility standard for the full twelve months of the year.

Each household must receive a thorough explanation of the options available in considering utility expenses. The household may switch between use of the standard and actual costs only at the time of certification. If a household moves while certified, the household may switch from one to the other. If the household initially chose to use actual utility costs but the utility standard was allowed because the household failed to declare costs or verify questionable information timely, the household may not switch to actual costs until recertification once the verification is provided.

- f. The utility standard includes the basic service fee for a telephone so a household that uses the utility standard may not also claim a separate telephone expense. For a household that uses actual utility expenses and who incurs an expense for basic telephone service, or has an established percentage of such an expense, the household must use a telephone standard of \$61, or the appropriate percentage of the standard.

The agency must divide the telephone standard among households sharing the expense. A telephone expense is allowable even if the household is not entitled to any other utility allowance.

Example

Two SNAP units live together and each pays half of the telephone bill. The bill includes charges for basic service. Each household will receive half the telephone standard as its telephone expense.

- g. Initial installation fees charged by a telephone, utility, or septic tank company are allowed as an expense, over and above the cost of the actual utility. Initial installation fees are allowable even if the utility or phone standards are used. The household may choose to have the installation bill averaged over the months in the certification period or to have the bill assigned to the month received or due. If a payment or budget plan has been established, the expense may be allowed for each month in the payment plan.
- h. One-time deposits for utilities, telephones, housing, etc., will not count as shelter costs.
- i. Shelter expenses, as described above, include the costs for a home (owned or rented) that is temporarily unoccupied provided the household intends to return to the home. The home may be unoccupied because of employment, training, illness, or a natural disaster or loss. If the household has shelter expenses for both an occupied and unoccupied home, the household is entitled to only one utility or telephone standard.

The cost of shelter cannot be claimed if the vacated home is rented to someone else or if a rent-free occupant is claiming the cost of shelter for the home for SNAP purposes.

- j. Verification requirements for shelter expenses are addressed in Part III.A. Verification is needed only if the household's declaration is questionable. Receipts or statements from the provider are sources of acceptable verification if such proof is needed.

5. Medical Expenses (7 CFR 273.9(d)(3))

The cost of medical expenses incurred by elderly or disabled household members, excluding special diets, is allowed as a deduction for those households when the cost exceeds \$35 a month. If the cost is \$35 or less, no deduction is allowed. The \$35-limit applies to the entire household and is not applied individually to the expenses of members who may be entitled to a deduction.

A medical standard deduction of \$200 has been established. Households must verify that eligible members incur more than \$35 in allowable medical expenses per month to get the medical standard deduction. Households that incur more than \$235 in allowable medical expenses per month may opt out of using the medical standard deduction. These households may verify and claim all their medical expenses and have them evaluated as allowed by Part XIII.B.4. Households may switch between the medical standard deduction and actual costs only at the time of certification except when the household was not previously entitled to the standard. Once imposed, the medical standard deduction will remain in place for the balance of the certification period as long as the household contains at least one elderly or disabled member who was part of the household at certification.

Persons who are 60 years of age or over or who are disabled, as described in Definitions, may be eligible for the medical deduction. An individual must be elderly or disabled when the medical expense is incurred. Spouses or other persons receiving benefits as a dependent of the eligible individual are not entitled to the medical deduction.

- a. Allowable expenses include:
 - 1) Medical and dental care, including psychotherapy and rehabilitation services provided by a licensed practitioner authorized by state law or other qualified health professional.
 - 2) Hospitalization or outpatient treatment, nursing care, and nursing home care. Costs for persons who were household members immediately prior to entering a nursing home or hospital, will also be allowed.
 - 3) Prescriptive drugs, when prescribed by a licensed or qualified practitioner, and other over-the-counter medication (including insulin, aspirin, antacids, etc.) which is approved by a licensed or qualified practitioner. Cost of medical supplies, sick room equipment (including rental) or other prescribed equipment are deductible.

- 4) Health and hospitalization insurance policy premiums. Costs of health and accident policies such as those payable in lump sum settlements for death or dismemberment are not allowed. Costs of income maintenance policies such as those that continue mortgage or loan payments while the beneficiary is disabled are also not deductible.
- 5) Medicare premiums related to coverage under Title XVIII of the Social Security Act and any cost-sharing or spend-down expenses incurred by Medicaid recipients.
 - If a Medicaid application is pending when the SNAP benefit application is approved, the Medicare premium is allowed as a medical expense.
 - If a Medicaid application has already been approved when the SNAP benefit application is approved, the Medicare premium is not allowed as a medical expense once Medicaid actually begins paying the expense as verified through SOLQ-I or SVES.
- 6) Costs of dentures, hearing aids, and prosthetics.
- 7) Costs of securing and maintaining a Seeing Eye or hearing dog or other attendant animal as well as veterinarian bills and food for the animal.
- 8) Costs of eyeglasses prescribed by a physician skilled in eye disease or by an optometrist.
- 9) Reasonable costs of transportation and lodging to obtain medical treatment or services. Actual verified amounts may be used. If specific amounts cannot be verified, then the prevailing rate in the community or the state mileage allowance must be used.
- 10) Costs of maintaining an attendant, homemaker, home health aide, or child care services or housekeeper, necessary due to age, infirmity, or illness. In addition, an amount equal to the one-person benefit allotment must be deducted if the household furnishes more than half of the attendant's meals. The benefit allotment that is in effect at the time of initial certification will be used and the local agency is only required to update the allotment amount at the next recertification, if there has been an adjustment in coupon allotments.

If a household incurs attendant care costs, as defined above, that qualify as both a medical deduction and dependent care deduction, the expense may be allowed as a medical expense or a dependent care expense, but not both.
- 11) Telephone fees for amplifiers and warning signals for disabled persons and costs of typewriter equipment for the hearing impaired. (These costs may not be entered as shelter costs.)

The expenses listed above are also allowable when incurred by a household member who is now deceased and which now are the responsibility of the remaining household members.

b. Disallowed Expenses:

Only those costs listed above will be considered as a medical expense. Any portion of the cost that is reimbursable by insurance policies or covered by Medicaid will not be given as a deduction until the household verifies the portion of the cost that is its responsibility.

Example

A household consists of one member who is 64 years old. An allowable medical expense of \$200 is incurred monthly. Insurance policies reimburse the household \$100 a month for the expense. Disallowing the first \$35 a month, the monthly medical deduction for this expense is \$65 if the household elects to use actual amounts instead of the medical standard deduction.

6. Homeless Shelter Allowance

Households in which all members are homeless, as defined in Definitions, are allowed a deduction for incurred or estimated shelter expenses. The homeless shelter standard is **\$159.73** per month. This standard is not calculated as part of the shelter expense deduction described in section 4 of this chapter.

To be eligible for the homeless shelter allowance, a household must incur or reasonably expect to incur shelter costs during a month. Homeless households that incur no shelter costs during the month and anticipate none are not be eligible for the shelter allowance.

Accept the household's declaration of expenses unless the declaration is questionable. If the EW determines that verification is needed but the household has difficulty in obtaining traditional types of verification of shelter costs, the EW must use prudent judgement in determining if verification is adequate.

Example

A homeless individual claims to have incurred shelter costs for several nights at a hotel. The costs reported are reasonable. The EW may accept this information as adequate and allow the household to use the shelter estimate.

No other shelter costs, including the utility standard or telephone standard, may be used if the homeless shelter allowance is used. The homeless shelter allowance also may not be used if the household claims shelter costs that exceed the allowance. Higher or other shelter costs must be handled as a part of the shelter expense deduction (Part X.A.4) in which case, the household may or may not receive an actual deduction.

B. VERIFICATION OF DEDUCTIONS (7 CFR 273.2(f)(3))

If a deductible expense must be verified and obtaining the verification may delay the household's certification, the local department of social services must advise the household that the household's eligibility and benefit level may be determined without providing a deduction for the unverified expenses being claimed. If the expense cannot be verified within 30 days of the date of application, the local department must determine the household's eligibility and benefit level without providing a deduction for the unverified expense. If a household wants to claim actual utility costs but does not provide verification of its questionable shelter expenses by the 30th day, the utility standard must be allowed if the household is entitled to it. The household is not entitled to restoration of lost benefits when expenses are not deducted because verification could not be obtained. If, however, the expense could not be verified within the thirty-day processing standard because the local department failed to allow the household at least 10 days to provide the verification, lost benefits must be restored.

If a household would be ineligible without a deductible expense, on the 30th day from the date that the initial application or reapplication was filed, the worker must send the household the Notice of Action to extend the pending status of the case. If the lack of verification is the fault of the household, the household will have an additional 30 days to take the required action. If eligible, the household is entitled to benefits only from the day the household provides the last verification or takes the last required action. (See Part II.G.2.). If the lack of verification is the fault of the local department of social services, and the household is eligible, the household is entitled to benefits retroactive to the month of application. (See Part II.G.3.). If a recertification application is filed, verification time frames at recertification (Part IV.C.4) will apply and the ability to extend the pending status of the application is not allowed.

A. INCOME ELIGIBILITY STANDARDS (7 CFR 273.9(a))

To be eligible for SNAP benefits, the countable gross monthly income of broad-based categorically eligible households may not exceed 200 percent of the gross income limit shown below. The countable gross monthly income of non-categorically eligible households may not exceed 130 percent of the gross monthly income limits shown below. Households with at least one member who is 60 years of age or over or with at least one member who is disabled, as described in Definitions must only meet the 100 percent net monthly income limits. This exception will also apply to a household with a member whose 60th birthday is in the month of application.

All households, except those that are categorically eligible, must be determined eligible based only on net income (gross income less allowable deductions listed in Part X.A). The maximum net income limits are shown below.

Federal Poverty Level (FPL) Gross and Net Income Eligibility Limits			
Household Size	200% FPL Gross Income Limit	130% FPL Gross Income Limit	100% FPL Net Income Limit
1	\$2,147	\$1,396	\$1,074
2	\$2,904	\$1,888	\$1,452
3	\$3,660	\$2,379	\$1,830
4	\$4,417	\$2,871	\$2,209
5	\$5,174	\$3,363	\$2,587
6	\$5,930	\$3,855	\$2,965
7	\$6,687	\$4,347	\$3,344
8	\$7,444	\$4,839	\$3,722
Each additional member	+\$757	+\$492	+\$379

Net income determines the amount of SNAP benefits all eligible households will receive. While categorically eligible households, excluding broad-based categorical eligibility, as defined in Part II.G.3, do not have to meet either the gross or net income eligibility standards, the net income limit will determine entitlement to an allotment even for these households.

B. COUNTABLE INCOME

Countable income is all household income, earned and unearned, from whatever source, excluding only that income specified in Part XI.F.

Income received by one person for another person or for multiple beneficiaries is considered the income of the person receiving it, unless the provisions of Part XI.G (earned income of several members combined into one payment) apply. Evaluate any income exclusions, such as third party fund exclusion, according to Part XI.F.

When verification of income is required, the local department of social services must verify gross amounts and the rate and frequency (i.e., weekly, semi-monthly, etc.) of the income received. For income received more often than monthly, verify the payment cycle, i.e., the day the income is received.

07/21

VOLUME V, PART XI, PAGE 2

C. EARNED INCOME (7 CFR 273.9(b)(1))

Earned income includes:

1. Wages and Salaries

All wages and salaries for services performed as an employee. This includes wages held by an employer at the employee's request and advances on wages, as discussed in Part XII.G. Gross wages are considered regardless of the amount and nature of deductions, unless any portion of the gross pay is excludable under Part XI.F or, if the gross amount reflects credit for employee benefits. In situations where benefits are reflected as credits and where the employee cannot elect to receive a cash payment, the amounts shown on the pay stub will not count as income. If an employee elects to have money withheld from the earnings to pay for employee benefits, that money must be counted as income.

Consider vacation pay as earned income if the employer still considers an individual as an employee. Consider sick pay as earned income if the payment to the employee is made directly from the employer or through the employer from insurance obtained by the employer. Consider sick pay as unearned income if the payment is made directly from an insurance company to the employee.

If an individual has terminated employment, consider severance pay and accumulated vacation and sick pay as earned income if the individual receives more than one installment. Severance and accumulated pay will be a lump sum resource if the individual receives only one payment. Laid-off employees are terminated employees for the purposes of this policy. If a laid-off employee opts not to withdraw vacation and/or sick pay, the value of such funds counts an available resource.

Consider bonus pay as earned income.

2. Self-Employment Income

The gross income from a self-employment enterprise, including the total gain from the sale of any capital goods or equipment related to the business, excluding the cost of doing business. (See Part XII.A.) For self-employed households, the eligibility worker must exclude the cost of doing business to determine the countable income.

Ownership of rental property is a self-employment enterprise; however, income derived from the rental property counts as earned income only if a household member actively manages the property for a minimum of 20 hours a week.

Payments from roomers and boarders count as earned self-employment income.

3. Training Allowances

Training allowances from vocational and rehabilitative programs recognized by federal, state or local governments when they do not constitute a reimbursement. (See Part XI.F.) These include, but are not limited to, vocational rehabilitation incentive payments.

- g. identifiable shelter costs needed for the business enterprise.

For households whose mortgage payments represent an investment in the household's residence as well as an investment in income producing property, the mortgage payment, interest, and taxes will be deductible only as part of the household's shelter costs and not as a cost of producing income. If the household can document, however, that costs on that portion of the home used in the self-employment enterprise are separate and identifiable, payments on the mortgage principal, taxes, interest, and other identifiable costs may be deducted as a cost of doing business.

6. Costs Not Allowed (7 CFR 273.11(a)(4)(ii))

The following items are not deductible as a cost of doing business:

- a. net losses from previous periods.
- b. federal, state, and local income taxes.
- c. money set aside for retirement purposes.
- d. other work related personal expenses, such as transportation to and from work.
- e. depreciation.

NOTE: "b", "c", and "d" are included in the 20% earned income deduction.

7. Allowable Costs of Producing Income for Day Care Providers

When day care is provided in the home of a member of one household to children other than those living in the same SNAP household, an allowance must be made for the cost of meals and snacks that are provided. The allowance is as follows, unless the provider documents actual costs that exceed these amounts:

Breakfast - **\$1.40** per meal; Lunch or Supper - **\$2.63** per meal;
Snacks - \$.78 per meal.

Money paid to day care providers under Section 12 of the School Lunch Act to serve meals to children, other than their own, is countable. Allowable business costs, as described above, are given.

8. Net Loss from Farm or Fishing Operations (7 CFR 273.11(a)(2)(iii))

Self-employed farmers, as defined in Part XII.A.1.b, and self-employed fishermen may have a net loss once allowable costs of doing business are deducted from gross farm income. If the farmer or fisherman receives annual gross proceeds of \$1,000 or more from the farming or fishing enterprise, any net loss amount must be prorated over the year in the same manner used to prorate the farm or fishing income. Losses from farm or fishing self-

employment enterprises are offset in two phases. The first phase is offsetting against non-farm or fishing self-employment income. The second phase is offsetting against the total of earned and unearned income. The gross income eligibility standard is applied after offsetting. The earned income deduction is based on wages and salaries, and any income from self-employment remaining after the first phase of offsetting.

9. Depreciation

Depreciation is not allowed as a cost of producing self-employment income for equipment, machinery or other capital investments necessary to the self-employment enterprise.

B. BOARDERS (7 CFR 273.11(b))

The income of households owning and operating a commercial boarding house is handled as self-employment income under Part XII.A.2 and 3. A commercial boarding house is an establishment licensed as a commercial enterprise that offers meals and lodging for compensation. In localities without licensing requirements, a boarding house is a commercial establishment that offers meals and lodging for compensation with the intent of making a profit. The number of boarders residing in a boarding house is not used to determine if a boarding house is a commercial enterprise.

For all other households containing boarders, the income from the boarders must be calculated following the procedures in this chapter. See Part VI.B. to determine boarder status.

1. Income from the Boarder

The income from boarders must include all direct payments to the household for room and meals, including payments to the household for part of the shelter expenses. Shelter expenses paid by boarders directly to someone outside the household (such as a landlord or utility company) are not counted as income to the household.

2. Cost of Doing Business

To determine the net amount of countable income from a boarder the EW must deduct the cost of doing business from the gross monthly income figure.

The cost of doing business is equal to one of the following:

- a. The maximum SNAP benefit amount for the number of boarders If the boarders are provided more than two meals per day; or,
- b. Two-thirds of the maximum SNAP benefit amount for the number of boarders If the boarders are provided two meals or less per day; or,
- c. The actual documented costs for providing room and meals, if they are higher than the appropriate SNAP benefit amount.

must pass gross income eligibility limits listed in Part XI.A. For elderly, disabled and categorically eligible households and for all other households that pass gross income prescreening, continue the calculation in order to apply appropriate deductions to the case.

- Step 7 Subtract the earned income deduction. Compute the earned income deduction by multiplying the combined net self-employment and gross earned income figures by 20%.
- Step 8 Subtract the standard deduction appropriate for the number of eligible members in the household. (Part X.A.1)
- Step 9 Subtract dependent care costs. (Part X.A.3)
- Step 10 Subtract the shelter allowance for homeless households that incur or expect to incur shelter expenses during the month. No other shelter costs may be allowed (Step 12) if the shelter allowance is used.
- Step 11 List medical expenses of members eligible for this deduction. Compute the medical deduction by totaling the expenses and subtracting \$35. (Part X.A.5)
- Step 12 The remaining figure is the adjusted net income. To compute the shelter deduction, compare shelter expenses to half the adjusted net income. If shelter expenses exceed half the adjusted net income, the excess shelter expenses can be allowed as a deduction under these guidelines:
- a) If the household does not contain an elderly or disabled member, the excess shelter expense cannot exceed the maximum deduction for shelter (Part X.A.4);
 - b) If the household contains an elderly or disabled member, any amount of excess shelter expense can be allowed as a deduction.
- Step 13 Subtract the shelter deduction from the remaining income to determine the net income.
- Step 14 Round down to the nearest whole dollar amount if the net income amount ends in 1-49 cents. If the net income amount ends in 50-99 cents, round up to the nearest whole dollar amount.

Eligibility and benefit amounts are based on the net income. See Part XI.A for allowable net income standards and Part XXIII for the benefit amounts for each household size.

D. PRORATION OF BENEFITS (7 CFR 273.10(a))

The benefit level for the household for all applications, except timely filed recertification

applications, will be based on the day of the month the household applies for benefits or, in some instances, the day the household supplies needed verifications or takes required actions. The date of application for persons in public institutions jointly applying for SSI and SNAP benefits prior to release from the institution will be the day the person is released from the institution. Using a 30-day calendar, households will receive benefits prorated from the date of application, as defined in Part II.B, the date of eligibility, or the date actions/verifications are provided to the end of the month. (A household applying on the 31st day of a month will be treated as if it applied on the 30th day of the month.)

After using either table described below to determine the benefit amount, the worker must round the product down if it ends in \$.01 through \$.99. If this computation results in a benefit amount of less than \$10, then no issuance will be made for the initial month however, this month will count as the first month of the certification period. This policy applies to all eligible households, including one- and two-person households who otherwise would be entitled to a minimum allotment of **\$20**.

1. Initial Month Benefits

The initial month of application for the purposes of proration is defined as:

- a. The first month in which a household applies for benefits in a Virginia locality; or
- b. The first month in which a household files a reapplication for benefits, as defined in Definitions.

Example

- 1) A household applies on July 15. The application is denied for July but approved for August. The application is processed within the initial 30-day period. The household must be given a full month's benefits for August.
 - 2) A household's certification period ended June 30. The household reapplies on August 15. The application is approved on August 20. Benefits for August would be prorated because August is the "initial month of application" as defined above.
- c. The first month after the 30th day in which an applicant household supplies any remaining verification or finally takes action needed to process the application.

Example

A household applies on July 15. The household fails to submit verifications or to take actions until August 20, 36 days after the application date. The household caused the processing delay so benefits must be prorated from August 20.

- d. The first month in which a household files an application for benefits following the end of the last certification period.

A. CHANGES DURING THE CERTIFICATION PERIOD

When changes occur within the certification period that affect the household's eligibility or the amount of the benefit allotment, the agency must act to adjust the household's benefit level. The responsibility for changes lies with both the recipient household and the local department of social services. The household must report certain changes in income and household status; the local department of social services must act to make adjustments in entitlement and benefit level based on reported changes and for changes the agency initiates. Households certified for seven months or longer must file an Interim Report about their circumstances during the certification period except households certified through the VaCAP component.

1. Changes that Must Be Reported

The length of the certification period determines change-reporting requirements for each household.

a. Certification periods - one to four months

Households certified up to four months must report the following items:

- Change in household composition with members moving in or out of the SNAP household;
- Change in the household's residence and shelter costs that result from a move;
- Change in legally obligated child support paid outside the household;
- **Receipt of lottery or gambling winnings of \$3,750 or more;**
- Change if the number of hours worked per week for persons who are subject to time-limited benefits is less than 20 hours per week.
- **Change of more than \$125 in the amount of income;**
- Change in the source of income including starting or stopping a job; and
- Changing from full-time to part-time status or from part-time to full-time status.

The household does not have to report changes in TANF income for a Virginia TANF case.

b. Certification periods – five months or longer

With the exception of households that receive benefits through the Transitional Benefits component for former TANF recipients or certified through VaCAP, households certified for five months or longer must report the following items:

- **Receipt of lottery or gambling winnings of \$3,750 or more;**
- Change if the number of hours worked per week for persons who are subject to time-limited benefits is less than 20 hours per week; and
- The total income exceeds the gross income limit based on household size as established as of certification, the Interim Report evaluation, or a change reported during the certification period. The income limits are:

<u>Household Size</u>	<u>Income Limits</u>			
	Household Size	Monthly Amount	Weekly Amount	Bi-Weekly Amount
1	\$ 2,147	\$ 499.30	\$ 998.60	\$ 1,073.50
2	2,904	675.34	1,350.69	1,452.00
3	3,660	851.16	1,702.32	1,830.00
4	4,417	1,027.20	2,054.41	2,208.50
5	5,174	1,203.25	2,406.51	2,587.00
6	5,930	1,379.06	2,758.13	2,965.00
7	6,687	1,555.11	3,110.23	3,343.50
8	7,444	1,731.16	3,462.32	3,722.00
Additional members	+757	+176.04	+352.09	+378.50

2. Time Required and Methods for Reporting Changes

Households must report required changes listed above within 10 calendar days from the date the change occurs or, at the latest, 10 days into the next month after the month the change occurs.

Households may report changes using the Change Report form, by telephone, by personal contact, by mail, or electronically. The household may also report a change of its circumstances with the filing of the Interim Report. A household member, an authorized representative, or any person having knowledge of the household's circumstances may report the change to any staff member of the local department of social services. When the household reports the change by mail, the report will be timely as long as the postmark of the letter is within the required 10-day period regardless of when the local department of social services receives the information.

During the interview, the worker must advise applicants:

- the responsibility to report changes;
- when changes needed to be reported;
- how to report changes;
- the changes that need to be reported; and
- the telephone number of the local office and, if necessary, a toll-free number or a number for accepting collect calls from households outside the local calling area.

The local department of social services must provide the Change Report form to each household at initial application, reapplication, and when the household size changes. Additionally, the local department of social services must provide the form at recertification, if the household needs another form, whenever the household returns a form, or reports a change in the number of household members.

PART XXIII

BENEFIT ALLOTMENTS

CHAPTER

SUBJECT

PAGES

A. CALCULATING BENEFIT ALLOTMENTS

1

B. BENEFIT ALLOTMENT TABLES

1-54

A. CALCULATING BENEFIT ALLOTMENTS

The tables on the following pages show the appropriate benefits for household sizes 1 through 10.

For household sizes 1 and 2, **\$20** is the minimum allotment for all eligible households, including categorically eligible households. The maximum monthly net income does not apply to categorically eligible households however.

For household sizes 3 through 10, the allotment tables reflect the maximum benefit allotment to the \$1 minimum allotment. **NOTE: ONLY CATEGORICALLY ELIGIBLE HOUSEHOLDS ARE ELIGIBLE FOR ALLOTMENTS WHERE THE HOUSEHOLD'S NET INCOME EXCEEDS THE NET INCOME MAXIMUM.** For example, for a 5-person household, the maximum net income is **\$2,587**. The allotment offered at that level of income is **\$215**. The rest of the allotment table, from the net income of **\$2,588** through **\$3,303**, the last income figure, for which an allotment is available, applies to categorically eligible households only.

To calculate issuances to households of more than ten persons, use the following formula:

1. Maximum Benefit Allotment. If there are more than ten household members, add **\$188** to the monthly maximum benefit allotment.
2. Maximum Monthly Net Income. If there are more than ten household members, add **\$379** to the monthly maximum net income. NOTE: Maximum monthly net income limits do not apply to categorically eligible households.

BASIS OF BENEFIT ISSUANCE

SNAP – HOTLINE INFORMATION

NAME OF APPLICANT: _____

YOUR DATE OF APPLICATION: _____

**THE DATE THE AGENCY MUST GIVE YOU
YOUR SNAP BENEFITS OR A DECISION:** _____

IF THIS BOX IS CHECKED, YOUR APPLICATION IS ENTITLED TO EXPEDITED SERVICE
(7-DAY SERVICE)

If you don't get your SNAP benefits or a decision by this date, you should call the Client Services Hotline for immediate help. The Hotline is open Monday through Friday, except holidays, from 8:15 a.m. to 5:00 p.m. The numbers are:

For the Richmond Calling Area: **804-692-2198**

For the Rest of Virginia: **1-800-552-3431**

Once you have called this number, you must be told by the next business day that you are either eligible or ineligible. If you are told that you are eligible, SNAP benefits will be provided the next business day. However, if you call before 3:00 p.m. on Thursday or Friday and are eligible, SNAP benefits will be provided on the next business day.

If you are not satisfied with the action the local agency took on your application, or if there are other problems with your SNAP case, you may contact the local legal aid office in your area. Names and addresses of legal aid offices are on the back of this flyer.

In order to determine if you are eligible for SNAP benefits, the agency may ask you to verify certain information. If you have provided the required verifications, you should either have your SNAP benefits or receive a denial notice within 30 days from the day you filed your application.

If you are in an emergency situation, you should have your SNAP benefits within 7 days. This is called "expedited service." Your application will be given expedited service if:

- Your household's monthly income is less than \$150, and resources are \$100 or less; or
- Your total income and resources are less than your shelter bills; or
- A migrant or seasonal farm worker lives in your household, and you have little or no income or resources.

CHANGE REPORT

CASE NAME	CASE NUMBER
WORKER NAME	LOCALITY
AGENCY TELEPHONE NUMBER	
CERTIFICATION PERIOD	YOUR HOUSEHOLD SIZE

You must report changes that occur in your household to ensure that your Supplemental Nutrition Assistance Program (SNAP) or Temporary Assistance for Needy Families (TANF) benefit amount is correct. You may use this form to report changes listed below for your SNAP or TANF case. You may also report changes online at <https://commonhelp.virginia.gov/access/>. Report changes within 10 days from when they occur but, no later than the 10th day of the next month. If you do not report changes, you may have to repay benefits you receive incorrectly, be fined, or prosecuted.

You may contact me at the number above if you need help in completing this form.

Please note changes on the next page. Please provide proof if there are changes.

• **If you receive TANF, tell us if:**

- Your address changes;
- A child, including a newborn, or the father, or the mother of a child, enters or leaves your home;
- There are changes that may affect your participation in VIEW, such as changes in income, employment, education, training, transportation, and child care; or
- All the income for your household before taxes goes over the limits in the chart below.

Changes that need to be reported for SNAP depend on the length of the certification period. “Simplified Reporting” applies to households that are eligible for five (5) months or longer. “Change Reporting” applies to households that are eligible for one (1) month to four (4) months.

• **SNAP Simplified Reporting (certified five+ months), tell us if:**

- All the income for your household before taxes goes over the limits in the chart below.
- The number of work hours goes under 20 per week for persons who are between the ages of 18-50 if there are no children in the home.
- You have lottery or gambling winnings of **\$3,750*** or more.

• **SNAP Change Reporting (certified four months or less), tell us if:**

- There is a change in the number of people in your household;
- Your address changes, including shelter expenses that change resulting from the move;
- The obligation to pay child support changes or the amount paid to someone outside the household changes;
- You have lottery or gambling winnings of **\$3,750*** or more;
- The number of work hours goes under 20 per week for persons who are between the ages of 18-50 if there are no children in the home; or
- There are changes in income:
 - There are income changes of more than **\$125** except, you do not have to tell us if your TANF income changes if your TANF case is in Virginia;
 - The source of your income changes, including if you start or stop a job; or
 - Your job switches from full-time to part-time or part-time to full-time.

Gross Income Chart*

Number of People in your Household	Monthly	Weekly	Every 2 weeks	Twice a month
1	\$2,147	\$ 499.30	\$ 998.60	\$ 1,073.50
2	2,904	675.34	1,350.69	1,452.00
3	3,660	851.16	1,702.32	1,830.00
4	4,417	1,027.20	2,054.41	2,208.50
5	5,174	1,203.25	2,406.51	2,587.00
6	5,930	1,379.06	2,758.13	2,965.00
7	6,687	1,555.11	3,110.23	3,343.50
8	7,444	1,731.16	3,462.32	3,722.00
For each additional member add	+757	+176.04	+352.09	+378.50

*These amounts are valid through 09/30/2022

Add together the gross income for all of the people in your household. New income total \$ _____

OTHER CHANGES

Person completing this form

Date

- b. SNAPET agencies must stay in contact with the resettlement agency but, the resettlement agency is not required to send a break-down of component activities and hours to the SNAPET agency.
- c. SNAPET will be notified if a refugee refuses to comply with refugee resettlement requirements to determine whether the SNAPET case should be closed; when someone leaves the program; and when there is a job placement.

9. Job Retention

Job retention services is an allowable Employment & Training component. SNAP E&T agencies may offer this component for at least 30 days and no more than 90 days. The job retention component is intended to provide support services for at least 30 days and up to 90 days to individuals who have secured employment. Individuals are eligible to receive job retention services if they received SNAP benefits in the month of or the month before they start job retention, and may receive job retention services after leaving SNAP unless the individual is leaving SNAP due to a failure to comply with the general work requirement or an intentional program violation. The participant must have secured employment after or while receiving other Employment & Training services. There is no limit to the number of times an individual may receive job retention services, as long as the individual has re-engaged with Employment & Training prior to obtaining new employment.

E. SOCIAL/SUPPORTIVE SERVICE

Social/supportive services may be provided to participants in SNAPET, including volunteers, for expenses that are reasonably necessary and directly related to participation in SNAPET. Agencies are encouraged to explore alternatives to removing barriers if supportive service funds are limited.

If supportive services are essential for participation in a component and neither the registrant nor the agency can provide them, and no alternatives are available, place the participant in either the pending or inactive status.

The need for any supportive services must be linked to needs identified on the Participant's Plan of Participation. Supportive services related to starting or retaining employment are allowed for a period not to exceed 90 days.

Participants who fail to comply with SNAPET requirements are not entitled to supportive services.

1. SNAPET Worker Responsibilities

- a. The SNAPET worker is a case manager. The worker must assist the participant in meeting the service needs. This may be done directly by the SNAPET worker or through a referral to a service/social worker or an outside service provider.
- b. When providing social services to recipients, the Plan of Participation may replace the Service Application regardless of the funding source for the service.

2. Social/Supportive Services for Participants

There are **three** categories of social/supportive services available to SNAPET participants. These SNAPET social/supportive services may be provided directly or may be purchased.

a. Child Care

Child care services are provided to enable a caretaker to participate in program components.

1. Arrangement for and/or payment of child care as a supportive service must be provided when the participant needs this service to participate in component activities.
2. Participants who are parents of school age children are expected to search for a job during the hours that the children are in school. However, if a job interview must take place outside of school hours, child care may be authorized.
3. Participants who need child care and who cannot arrange their own may be provided assistance. Payment will be made within the guidelines of child care policy. Payment may also include child care related transportation costs.

b. Transportation

This service is provided to enable participants to travel to and from authorized SNAPET activities.

1. The participant is primarily responsible for arranging transportation to participate in an SNAPET component. Transportation will be provided only when the registrant is unable to make arrangements.
2. Transportation may be provided by any of the following means:
 - a. Agency or public transportation;
 - b. Individuals other than public transportation. In this circumstance, payment is made to the individual provider. Such payment must be pre-authorized and reimbursement cannot exceed the current mileage reimbursement rate. A reimbursement type purchase order may serve as a pre-authorization; or
 - c. Commercial establishments. For example, a client who needs gas for his/her car could receive a voucher that a gas station would honor. Through the purchase order/invoice system, the station would receive payment.
