RE: UVA Health Announces Virginia IMPACT Webinar Series

The Division of Licensing Programs (DOLP) would like to share the following information on behalf of the University of Virginia (UVA) Health:

As a part of the Virginia Department of Health (VDH) Virginia Long-Term Care Infrastructure Pilot Projects (VLIPP), UVA Health will offer the Virginia IMPACT (Infection Mitigation, Prevention and Control through Technology) webinar series. This series aims to cultivate a scientifically bound, culturally responsive community of practice for collaboration and communication around managing infectious diseases in congregate communities through monthly webinars and technology supported state-wide dialogue.

The first webinar in the series will discuss the end of the federal Public Health Emergency and what comes next. It will be held on May 17, 2023, at 12:30 p.m. and will feature Dr. Amy Mathers, Associate Professor of Medicine and Pathology, Associate Director of Clinical Microbiology, and Medical Director Antimicrobial Stewardship with the University of Virginia School of Medicine.

Registration for this series is free of charge. Providers can register [here](#) or use the QR code below.

For further information, please email VirginiaIMPACT@uvahealth.org
